COUNCIL PASSES RESOLUTION FOR ELECTION CALL

Attempt Is Made To Secure State Funds To Establish Uniform Curbs On Western Side Of Mission Street

Members of the Daly City Council passed, unanimously, Monday evening of this week, a resolution declaring their intention to call a bond election for the current civic improvement program. Date for the election will be set in the immediate future.

In an indirect attempt to obtain state gas tax money to establish uniform and permanent curbs on the western side of Mission street, the council passed a resolution to install a new lighting system on that street. Councilmen Sundermann, Twesten and Selmi voted in favor of the measure. Cavagnaro and Fahey re-

VETERANS HOLD ANNUAL BANQUET AT FIRE HOUSE

More Than One Hundred Members And Guests Of Firemen Association Attend Eleventh Year Celebration

Good food, fine toasts and speeches, excellent drinks and hilarious entertainment were featured at the eleventh annual banquet of the Daly City Veteran Firemen's Association, held Saturday evening of last week in the hall of the fire house of Company No. 6.

Toastmaster Paul Selmi introduced the speakers and announced the entertainers. Fritz Hanson, who pioneered in the organization of the veteran association, welcomed the members and guests and briefly reviewed progress of the organization.

BADGE PRESENTED

Chief A. P. Chesney presented to Edward Goldkuhl Jr. a past president badge. Edward Goldkuhl Sr. made a short toast to the association and expressed his pleasure in having a son follow through the chairs and become a past president.

Harry Anderson, only honorary member of the organization, sang an Irish melody. H. H. Smith, chaplain; Councilmen Twesten, Sundermann, Cavagnero and Fahey, Police Chief Reardon, Geno Benedetti, Barney Hilton, Al Green, Gene Lucy, Judge Clay, Pete Valenti and John Ferro gave toasts to the veteran association.

E. Doriss and John A. Snoddy entertained the patry with music and sleight-of-hand stunts. Al Lang joined Doriss in a clever piccolo and guitar duo.

Nevada May Cut Divorce Time

The floor leader of Nevada State Legislature this week declared that the state would answer a threat from Idaho to capture the easy divorce trade. He announced that a measure would be introduced requiring only a 30-day residence in the state.

"I'm sure it will pass," said the leader. "We have to do something to keep the divorce trade from going to Idaho."

Present requirement in Nevada to establish divorce residence is six weeks. This was matched last week by Idaho.

BOMBER TESTED

Leaving March Field, Calif., Tuesday morning of this week a powerful army Boeing bombing plane made a non-stop test flight to Barksdale Field, La.

The big ship, following in the wake of sister craft, was manned by a crew of seven men.

EARTHQUAKE IS FELT IN ENTIRE HARBOR REGION

Shock Is Strongest In San Francisco, Oakland And Area Of East Bay

An earthquake felt throughout the entire bay area aroused the people of San Mateo County at 2:32 o'clock Monday morning of this week. It rocked the peninsula from Palo Alto to the extreme northern limits.

The shock seems to have been strongest in San Francisco, Oakland, and particularly in the East Bay, but, according to official statement, no effect was perceptible on either the completed bay bridge or the Golden Gate structure. In Richmond and El Cerrito merchandise was shaken from shelves in stores, with similar results in some of the homes.

In northern San Mateo County nearly everybody was awaken by the tremor, which seemed to have a gentle, rocking east to west motion. It lasted two and a half seconds, but was not sufficiently violent to shake things from shelves or otherwise disturb property.

WINDOWS BROKEN

The earthquake rocked the San Francisco Bay region over a radius of 60 miles, shattering plate glass windows and mirrors and cracking chimneys. No casualties were reported.

Source of the shock was the old Hayward Fault line, running in a northerly direction from Santa Clara.

State May Favor New Road Extension

State approval of extension of Junipero Serra boulevard through the south end of the county was seen late last week following state appropriation of $5,000 for a survey of the route. State aid for the project was predicted by Supervisor James S. James, county member of the Joint Highway District No. 10 directorate, if the district is reorganized.

Extension of the highway from the northern limits of Burlingame to Santa Clara County line and possibly to Los Altos will require the organization of a new district taking in the entire route. Reorganization will be completed before the boulevard is pushed from the present Lawndale terminus to Burlingame.

DEFINITE STEP IS MADE IN LOCAL CIVIC PROGRAM

Board Unanimously Supports Improvement As Daly City Organizations Give Okeh

A decisive step was taken Monday evening of this week in the local civic improvement program when the Board of Councilmen supported unanimously a measure providing that a bond election be called to obtain funds to push the projects to completion.

From reliable sources reports have come to The Record stating that every organization in Daly City favors the improvement program. Fraternal organizations, veteran associations, parent-teacher groups, scout troops, business, social, recreational and women's clubs have indicated that they will support the projects.

Mayor Paul Selmi recently expressed his gratitude for the excellent support which local citizens are

Flowers Planted Along Span Roads

More than 2,000 pounds of poppy and wild flower seeds have been planted along the approaches to the Golden Gate Bridge and over the Marin County hills and in the Redwood Empire in the beautification program being carried out for the Golden Gate Bridge fiesta.

The seeds were planted in order that the flowers might bloom during the period of the fiesta, from May 27 to June 2, and that the entrance and roads leading to the Golden Gate would be a mass of brilliant color.

Motor Vehicle Fees Up 14.14 Per Cent

Motor vehicle fees totaling $12,055,754.49 were collected by the State Motor Vehicle Department in 1936, an increase of 14.14 per cent over the 1935 total of $10,562,078.45, it was reported this week.

This total does not include the fees collected under the state caravaning act, recently held to be unconstitutional, nor the $9,030,755.45 collected for the first time in 1936 as the in lieu tax.

EASTER SERVICES AT SUNRISE ATOP MOUNT DAVIDSON

More Than 50,000 Pilgrims Are Expected To Attend Annual Worship

Plans for the fifteenth annual Sunrise Easter Service at the cross atop Mount Davidson, highest peak in San Francisco, on Sunday, March 28, were announced this week.

The non-sectarian services are expected to attract more than 50,000 persons to worship on the mountain top on Easter morn.

IMPROVEMENTS MADE

In the last two years many permanent improvements have been made at Mount Davidson, a San Francisco city park, under a WPA project.

Pathways leading to the mountain summit have been widened and surfaced with fine gravel and the steep places have been relieved with stone steps. The concourse in front of the cross has been leveled and stone benches built for the comfort of weary pilgrims.

Trees have been trimmed so that the mountain top presents the appearance of a magnificent amphi-

County Valuation Up $10,000,000

Upon order of the State Board of Equalization assessed valuations for San Mateo County will be increased $10,000,000 for the coming fiscal year, the county assessor announced this week.

At the same time the assessor expressed belief that the increase in assessments may offset the tax boost which has been held inevitable by certain county officials.

Present assessed valuation of San Mateo County is $100,000,000. With the current increase a new high mark of $110,000,000 will be established as a property valuation.

The state is making a thorough check of all property with an aim of establishing tax levies on a basis of 50 per cent of the assessed valuations. State employes are surveying Federal Housing Administration loan valuations and the revenue stamps on all deeds filed at the office of the county recorder. In this manner they are working toward accurate valuations in all localities.

The course is in perfect shape for the opening and the racing surface presents the best footing of any track in the United States. J. W. Marchbank, executive director of Tanforan, has insisted upon having the best racing strip in the country, and neither time nor expense has been

GREAT CHANCE FOR INTELLIGENT AND PRETTY GIRL

Exposition Offers Excellent Opportunity To Go On Free Trip To Paris

With a breath-taking trip to Paris and London as the ultimate prize, a search was under way in California this week to find the state's prettiest and most representative girl—and send her to San Francisco to compete in the "Miss Western America" contest sponsored by the 1939 Golden Gate International Exposition.

Entries for the contest are already pouring in at the exposition headquarters.

Later, a committee of distinguished San Francisco citizens will choose the state winner, and she will be sent to San Francisco in a United Air Lines plane with winners from the other ten western states to compete in the "Miss Western America" finals on April 29.

The winning girl will then be sent to Paris, France, as the exposition's official representative at the Paris International Exhibition of Arts and Technics in June—a glorious, thrilling voyage by boat and plane, with all expenses paid and the companionship of a chaperone. The lucky young lady will have an opportunity to visit Panama and the West Indies en route to France, and will also make a round trip to London by plane from Paris.

Second and third place winners will be guests of the French Line on a ten-day cruise to Victoria, B. C.

Work Speeded On Coast Highway

Supervisor Alvin S. Hatch of Half Moon Bay and County Engineer Urban S. Marshall went last week, with officials of Joint Highway District No. 10, on an inspection tour of the Ocean Shore highway.

The officials reported the second link of the highway, between Rockaway Beach and Montara, is progressing on schedule and should be completed this summer.

The Devil Slide section at Pedro Mountain is being worked from four fronts with two steam shovels and eighteen tractors being used. Marshall said 125 men are working two shifts a day in an effort to speedily finish the highway link. The section is now nearly half completed.

BRIDGE OPENING IS TO BE MAJOR CITY OCCASION

Visitors From All Parts Of The World Will Attend Seven Day Fiesta

Another major event in the glorious history of San Francisco is only three months away and not all San Franciscans have yet awakened to the potentialities of the occasion.

On May 27 the Golden Gate Bridge will be thrown open to pedestrians and on the following day the wheels of motor traffic will begin a ceaseless spinning across the longest suspension span in the world.

San Francisco so recently has been hostess at the opening of the world's longest vehicular bridge that comparatively few outside this city, and seemingly all within this city, realize that the magician of the Pacific is about to pull another ace from his sleeve by providing a mate for the vast bay span, rivaling it as an engineering achievement and as an object of Gargantuan beauty.

ATTRACTIONS

Probably nowhere else on this planet is there to be found so powerful a magnet for seasoned travelers and wonder seekers as the daul attraction of colossal highways of the air across arms of beautiful San Francisco Bay—and San Francisco, so far, seems not the least bit excited over it.

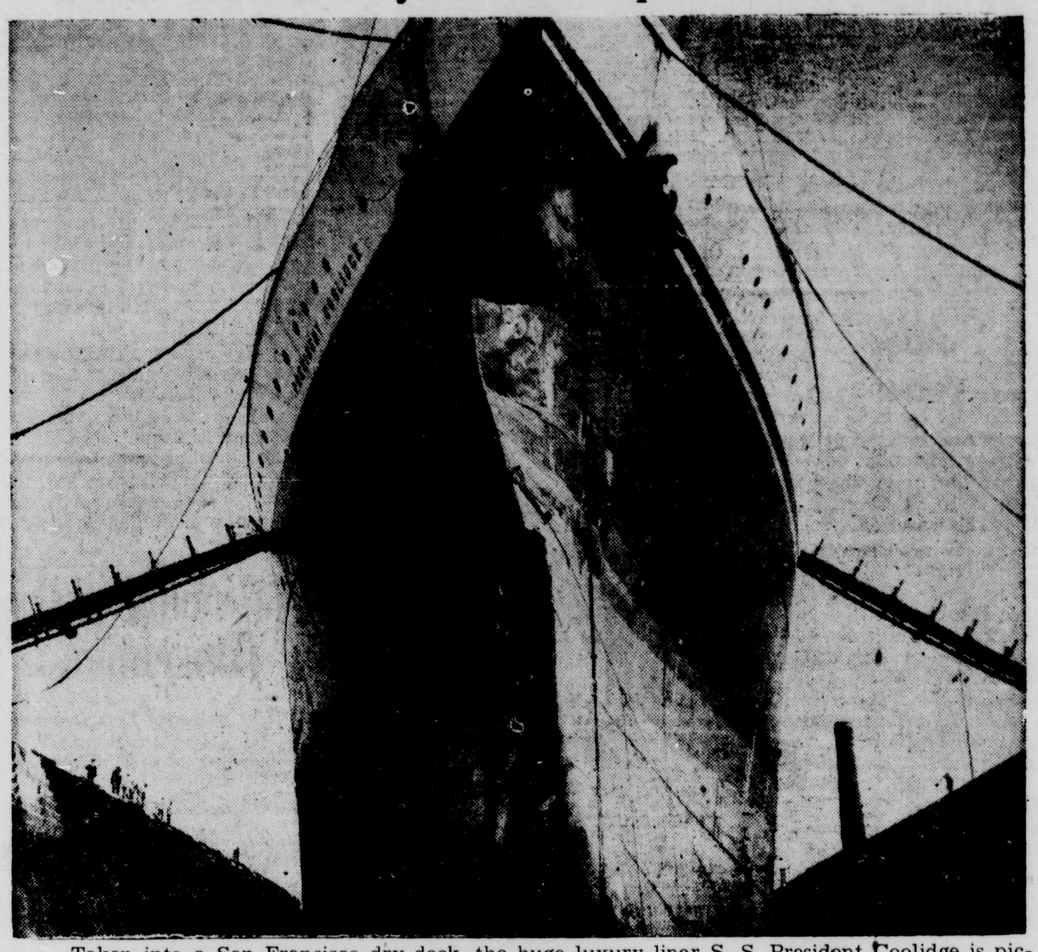

Formal opening of the Golden Gate Bridge is to be celebrated by a seven day fiesta, in which all the Pacific Coast is to be invited to join.

San Francisco then will be hostess to many thousands of celebrants coming in cavalcades of motor cars from as far north as British Columbia, as far south as Mexico and over every road entering from the east.

Three months' time is none too much for San Franciscans to prepare for a Golden Gate Bridge fiesta to outclass any celebration ever held on this coast.

IT MUST BE BIG to match the bridge.

Dollar Liner In Drydock for Repairs After Crash

Taken into a San Francisco dry dock, the huge luxury liner S. S. President Coolidge is pictured as repairs were started on her crumpled bow. The liner, which collided with the tanker Frank H. Buck oustide the Golden Gate, was forced from schedule until her bow is repaired. Officials estimate two weeks for the task. Salvage work was also started on the tanker, which is resting on the rocks near Land's End, close to the ill-fated S. S. Ohioan, which ran aground last October.

Social Security Taxes Now Payable

Offering new taxpayers under Title 8 of the Social Security Act an opportunity to become familiar with the law, the collector of internal revenue has announced that delinquent January taxes may now be paid without penalty if the taxpayer states the reason for the delinquency under oath.

Monthly tax returns are required under this title of the Social Security Act, which became effective on January 1, 1937, with the beginning of the Gederal Government's old age benefit system. Employers with one or more employes are included under this tax title, which levies a 1 per cent income tax on the employe and an equal excise tax on the employer.

Northern California taxpayers may obtain forms and forward the tax payments direct to the collector of internal revenue, Federal Office Building, San Francisco, or may pay them in person to deputy collectors located in Oakland, Berkeley, Sacramento, Napa, Stockton, Modesto, Fresno, San Jose, Santa Cruz, Santa Rosa and Eureka.

VOLUNTEER FIREMAN

Becoming impatient when the Volunteer Fire Department failed to respond to his plea, George Ruggero, 30, Hammonton, N. J., decided to take an active hand in doing something about the fire in the basement of his home.

He jumped into his automobile and drove to the fire house, five miles away. Not a fireman was in sight. Ruggero opened the doors, climbed into the shiny red fire truck and drove off. He kept the fire confined to the basement. Then he returned the truck.

MOVE IS TAKEN TO FORM A NEW COLMA DISTRICT

Supervisors Allocate Funds To Enter Float In Golden Gate Bridge Fiesta

The Board of Supervisors took steps Monday of this week to form a new fire district for the Colma area, appropriated funds for the county to participate in the Golden Gate Bridge opening fiesta in May, and went on record as opposed to legislative bills which would abolish county-city milk inspection service.

Hearing on the proposal to form and equip a Colma fire district was set for April 21. The Colma Volunteer Fire Department, which has been supported for several years past

New WPA Manager For S. M. County

Robert W. Mead recently assumed his new duties as acting San Mateo County WPA manager, succeeding Paul Birmingham, who went to the San Jose office. Mead, former Burlingame resident, will have charge of Palo Alto city projects in addition to those for this county. Coincident with the transfer, it was announced that a general reduction in salaries of foremen, assistant foremen, clerks and other office workers had been effected.

THE RIGHT AND WRONG OF LAMPS AND LIGHT!

RIGHT . . . *At a distance of 1½ feet from this lamp a minimum of 20 units of light are procured. This quantity of light scientists say is needed for reading fine print.*

WRONG . . . *A decorative lamp of low height and narrow shade. At a distance of 1½ feet—the correct seeing distance—only a few units of light are produced. Such a lamp causes eyestrain.*

Without cost to you a P. G. & E. sales-service representative will gladly check your home lighting with a Sight Meter

NOW you can have a lamp designed for eye comfort as well as ornamental and decorative beauty. It is the lamp designed by the Illuminating Engineering Society to meet the need of Better Light for Better Sight. Due to remarkable improvements in design, this lamp is unlike the many ordinary lamps you may now have in your home or have seen for sale on the bargain counters.

Here are four good reasons why these radically different lamps give you more light for your money and protect the eyesight of every child, youth or adult who uses them for reading, study or sewing.

It gives several times as much light as the ordinary lamp because the shade is wide at the bottom and open at the top and gives light a chance to spread over a wider area.

It gives soft, diffused light without glare because of its inside opal glass diffuser and reflector.

It gives light from correct height because the standard is high enough to allow light to spread where you need it.

It gives beauty and decoration because more symmetrical proportions between shade and standard are possible.

Protect your eyes and the eyes of your family with one of these new lamps. They are made in either floor or table models. Prices are very moderate and within the range of everyone.

BURKE and ROOSEVELT TRUEST OF LEADERS

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

Quite a while ago, Edmund Burke, English statesman, sagely counselled: "Live pleasant."

The advice was given to a grave and anxious gentleman who was pretty much worried by the way things were going. In his anxiety to help the inquiring one, Burke threw the niceties of grammar overboard.

Edmund Burke was a product of the eighteenth century. Franklin Roosevelt is a product of the twentieth century. But how alike in their mentalities.

Dr. Samuel Johnson, a remarkably able thinker of Burke's period, characterized the statesman as a great man by nature. On still another occasion Johnson said:

"Burke is an extraordinary man; his stream of mind is perpetual."

Many and many a time President Roosevelt has been described in similar vein. It is easy enough to see he wants to work out a social organization that will make it possible for more people to "live pleasant."

* * *

The depth of Burke's thinking is shown by his pungent sentences about the disparity of material wealth in society. He said the whole business of the poor is to administer to the idleness, folly and luxury of the rich, and that of the rich, in return, is to find the best methods of confirming the slavery and increasing the burdens of the men and women with thin purses. He said:

"In a state of nature it is an invariable law that a man's acquisitions are in proportion to his labors. In a state of artificial society it is a law as constant and as invariable that those who labor most enjoy the fewest things, and those who labor not at all have the greatest number of enjoyments. A constitution of things this, strange and ridiculous beyond expression."

* * *

President Roosevelt has often had the same thought as Burke, but has expressed it somewhat differently, usually calling attention to the importance of the spiritual things of life as distinguished from the material things. But how, the chief executive of the nation, cries:

"Can our people really enjoy life when one third are ill-fed, ill-clothed, and ill-housed?"

The reformation of the Supreme Court has been made a major issue by the President simply because the members of the tribunal appear to be imperious to the deplorable state of millions of their fellow countrymen.

* * *

The farmer, the wage earner, and the small business man, are rallying to the support of President Roosevelt in his endeavor to reorganize the Supreme Court. All he wants on the bench in the ornate structure at Washington is men of modern vision, not men enveloped in a mist of outworn economic thought.

An extremely heartening aspect of the situation is that the leading progressive educators of the country are with President Roosevelt in his forthright battle for fair play. Educators are peculiarly adapted to seeing both sides of a question and when they favor the reorganization of the Supreme Court it shows the President is altogether right in his efforts to get the justices of the highest court in the land in step with the modern trend of things.

Liberals point out that the reactionary charge of "packing" the Supreme Court has rather an antique flavor. The reactionaries forget, or pretend to forget, the Supreme Court was enlarged from seven to nine in 1837 for much the same reasons as President Roosevelt now proposes to enlarge it. It was temporarily increased to ten in1862, with the same aim.

The whole thing in a nutshell is just this:

The humanitarian program of President Roosevelt has been wrecked by the Supreme Court, whose members determine that the United States constitution allows in the political and social field by what they think it ought to allow. He is simply trying to fulfil his election pledge and make the Supreme Court responsive to the desires and needs of the people.

State Considers Bridge Purchases

The California Toll Bridge Authority was instructed by a resolution, recently passed by the State Senate, to investigate the feasibility of the state taking over the San Mateo and Dumbarton toll bridges, which cross the southern end of San Francisco Bay.

The measure followed passage of a resolution by the Hotel Greeters Association of America urging the Legislature to conduct an investigation of the possibility of buying and operating the Dumbarton, San Mateo - Hayward and Carquinez Bridges.

It has been pointed out that the low tolls of the San Francisco Bay bridges will work a hardship on the Carquinez span and those in the southern part of the bay region, making state ownership desirable if the public is to get good service without private investments being ruined.

CUB PACK 141

Each of the pack now has a flag pole for the den flag. The pack flag has been lettered with the pack number and Daly City.

The boys plan a Kabob party in the near future. Members of the pack are sitting for pictures, which are being painted by a San Francisco studio. The pictures are to be portraits of the cubs in uniform and are to be mounted and framed for display.

The boys then hiked over the hills east of Daly City, where a camp fire was built and hot dogs were roasted.

After playing several games the evening program ended with the scout benediction.

County To Observe Public School Week

Schools of San Mateo County are focusing attention upon the observance of Public Schools Week beginning Monday, April 26. Since 1920 the people of California have been alert to the opportunity such a week affords citizens to become better acquainted with the schools in their communities as well as to become informed concerning practical outcomes of modern educational philosophy.

Plans are now being made by the teachers and students to demonstrate the "school in action" for the special benefit of tax payers, parents and interested laymen.

In order to promote the welfare of our educational program, the public is earnestly requested to co-operate in making Public Schools Week a success.

National Red Cross Convention In May

The national Red Cross will hold its annual convention in Washington, D. C., May 10 to 13, it was announced this week.

Red Cross units everywhere are invited to send both senior and junior delegates to this gathering, which was postponed from April to the current date by reason of the disaster relief work in the eastern and midwestern states.

Concerning the flood situation, Red Cross officials announce, "Faced by the gravest crisis since the World War, the Red Cross discharged its standing obligations to the nation with vigor and efficiency. Thus was re-emphasized a simple truth: the strength of the Red Cross is no greater, no less, than the strength of its chapter links; for 100 per cent chapter participation was largely responsible for the success of the relief operations."

Lesson Sermon Of Christian Science

Bible selections will include the following passage from Hebrews 11: 3: "Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear."

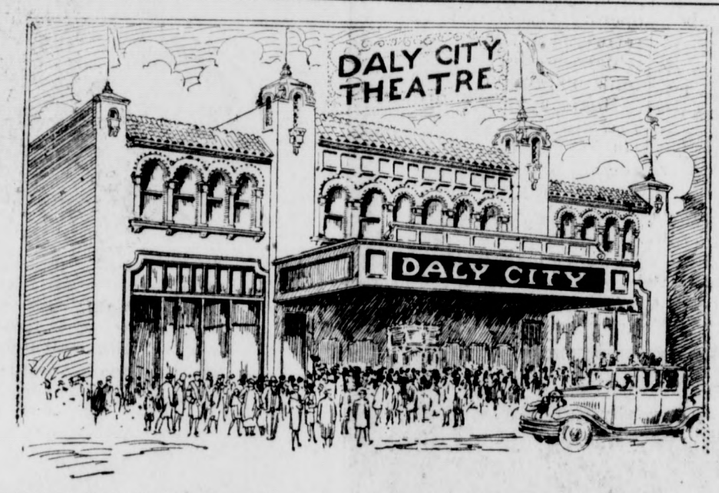

Passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which read as follows: "The fading forms of matter, the mortal body and material earth, are the fleeting concepts of the human mind. They have their day before the permanent facts and their perfection in Spirit appear. . . . . Mortals must look beyond fading, finite forms, if they would gain the true sense of things" (pp. 263, 264).

Legion Auditorium Urged By Veterans

American Legion leaders proceeded this week with formation of a committee to work out plans for securing an adequate War Memorial Building for San Mateo County.

Adopting a resolution at a recent San Bruno meeting of the Twenty-sixth District, the veterans declared that the growth of the county makes such a building development "an urgent necessity."

The self supporting basis of the floral fiesta and the fact that financial aid for such civic building undertakings may be obtained from the WPA should facilitate the carrying through of plans for the auditorium, veterans pointed out.

A resolution adopted is to be forwarded to the United Veterans Council of this county "so that in the near future San Mateo County will be able to invite the outside world to visit and convene in a beautiful and adequate Memorial Auditorium.

WHIST PARTY

The Daughters of Israel will hold their regular monthly whist party Thursday evening of next week at 67 Los Banos avenue. Refreshments will be served.

EXPECT LARGE SALES VOLUME DURING MONTH

Chrysler Thirteenth Anniversary To Bring Increased Business This Month

"With the present sharp advances taking place almost daily in the prices of raw materials that go into the fabrication of an automobile, retail selling prices must sooner or later rise in proportion."

This was the prediction made yesterday by the manager of Mission Auto Company, Chrysler-Plymouth dealers here. "We are making it a point to advise prospective purchasers of Chrysler and Plymouth automobiles that eventually raw material costs will force an advance in retail selling prices," he said.

He declared that the present gala celebration being held by his organization to commemorate Chrysler's thirteenth anniversary was attracting widespread interest.

"In honor of Chrysler's anniversary," he said, "we are going to make March the biggest month in our history. Chrysler prices are lower than they have been at any time in Chrysler history. During the current selling event we are featuring unusually low down payments and terms that are highly attractive to the motorist who contemplates the purchase of an automobile. For the first six days we have more than doubled our business during the same period of last year."

Pershing Gives Practical Study

"Education Is Life" is readily depicted in the activated social studies program at the General Pershing School. The third and fourth grades, under the direction of Mrs. Barker, have shown much interest in fruit raising. Material for information was obtained from the various chambers of commerce of several counties in San Joaquin Valley. Interesting peep shows depicting farm life on a large fruit ranch were made by the children.

The third grade, under the guidance of their teacher, Mrs. Clarke, have received first hand information to help them in their study of Alaska. Miss Sears, a teacher in Sitka, Alaska, has co-operated by sending a doll, mocassins, a kayak, a totem pole and a set of 100 pictures of the territory.

Both these activities have been further visualized for the children by the mounted pictures from the Daly City Library, as well as the lantern slides and stereographs from the office of Superintendent Crane. These visual aids are a portion of the modern educational equipment which is in use throughout the district.

Children of the second grade at the General Pershing School, under the direction of their teacher, Mrs. Raper, are learning the use and care of books. Having been taken into the well equipped school library, a general explanation, comprehensive to children of this age, was given to the class. Practical knowledge as well as citizenship training is thus given these young citizens.

Since last November the General Pershing Parent Teacher Association has been conducting a cafeteria at the school where hot lunches have been served to children and teachers. This nutritious food has helped to promote the general health of the students and has further assisted the school in maintaining perfect attendance by decreasing the number of colds. During the good weather the cafeteria will be closed.

Nurses Invited To Red Cross Service

"Disastrous floods in the East and Midwest, with their attendant threat of disease epidemics, again proved the need of a Nurses Reserve, such as that maintained by the Red Cross Nursing Service," announced a Red Cross official of the Pacific Area, who has just returned to San Francisco from Louisville, Ky., where he served as regional director in the emergency stages of the flood relief project.

More than 1,500 Red Cross nurses saw duty in 300 field hospitals, refugee centers and innoculation depots in the flooded states.

Through 21 state and local committees on Red Cross nursing service in the Pacific Area, graduate nurses are now invited to enroll under the Red Cross banner during the week of March 12. The enrollments are made at many schools of nursing and at local hospitals on the birthday anniversary of the late Jane A. Delano, famous World War nurse and founder of the Red Cross nursing service.

Spring Garden Show This Year To Be Best

As romantic and beautiful as a "secret valley" such as everyone has dreamed of but never seen will be the 1937 California Spring Garden Show's horticultural exposition, "Nature's Gardens," it has been announced. Presentation of the show, the eighth annual, will take place April 29 to May 2 at the Exposition Building in Oakland.

Entering the garden show, patrons will find themselves in a flower covered valley surrounded on all sides by 35 feet of mossy cliffs. Over these moss covered walls will descend innumerable waterfalls, from tiny little cascades to great gushing torrents of water tumbling from the highest peak. Snuggled at the base of the mountain sides will be such lavish beds of growing plants and blooms as might only be found in such a "secret valley" as show directors plan to bring to life this year. The show will take place at the very time when the greatest variety of spring flowers are in bloom, as well as the greatest period of blooming. The forthcoming horticultural display should therefore surpass in floral wealth, beauty and fragrance all previous affairs held earlier in the spring, it was declared.

The California Spring Garden Show, one of the nation's finest examples of horticultural expositions, has won renown everywhere. Because this show was probably the first to utilize a major landscape theme to unite the various garden entries, the California Spring Garden Show's exhibitions have been reported enthusiastically in all the major horticultural publications in the country.

Rod And Gun Club Sponsors Juniors

Daly City and San Francisco Rod and Gun Clubs are sponsoring Troop No. 2 of the Junior Game Wardens. This is the first troop to be organized on this side of the bay. Troop No. 1 is located in Oakland.

Age of the junior wardens range from 12 to 21 years. Examinations must be passed by applicants to become eligible for membership.

Meetings are held every Friday evening at the San Francisco Rod and Gun Club Hall, 5862 Mission street. George Wealler, former Boy Scout master; Irwin Marek, television engineer, and Warden Joy direct the boys in their activities.

Edward Moore, who initiated the junior warden movement in California, helped to organize the local troop. Nearly 25 boys attended the first meeting, held March 5. After the business session "Doc" Kost showed moving pictures on forestry.

County Needy Cut Off State Relief

Distribution of surplus commodities to San Mateo County relief clients will be discontinued March 25 as a result of curtailment of state relief funds, it was announced this week.

These supplementary supplies of food and clothing are now being received by approximately 700 families and single persons in the county, an estimate total of 2200 men, women and children.

Since the fall of 1933 supplemental supplies of food and clothing have been distributed at WPA headquarters and other offices throughout the county to bolster budgeted aid for jobless. This form of relief has been sponsored by the state.

Judge Floyd McKenney, presiding steward, has his official staff busy on preliminary details incident to the opening and is now making a final check on licenses for trainers and jockeys.

Seabiscuit, leading candidate for the stake championship of 1937 on the American turf, headlined a nine-car special which arrived at Tanforan Wednesday morning from Santa Anita. The special contained the crack stables of Charles S. Howard, Seagram Stable, Long Run Stable, Paul Kelley, Frank Carreaud, A. B. Spreckels, Charles E. Perkins and Cox & Ketchum.

Seabiscuit, victorious in the closing stake at Santa Anita last Saturday, shipped in perfect style, according to Tom Smith, who developed the 4-year-old champion for Charles S. Howard, San Francisco sportsman.

Three engagements at Tanforan are planned for the "Biscuit." He will be nominated for the $2500 added Kings Mountain Handicap, March 20, at one mile and a sixteenth; the $5000 added Exposition Handicap, April 10, at one mile and a sixteenth, and the $10,000 added Marchbank Handicap, April 17, at one mile and an eighth.

Seabiscuit was flanked by the sprint star, Exhibit, which will go postward Saturday in the $2500 added Inaugural Handicap, opening fixture of the 25-day spring meeting.

The Seagram Stable, in charge of Frank Gilpin, brought a formidable array of horses, including the stakes winner, Stand Pat, and the English stars, Movie Man, Arabian Myth and Sweet Polly. Gilpin also has Tempestuous for Mrs. Thomas Stevenson.

Other topline horses to get in were Frank Carreaud's War Glory and Time Supply, although the latter won't race until next fall; Long Run's Stable's Marynell and Dolaway; Paul Kelley's Col. Ed, Farfern and Dark Zeni; A. B. Spreckels' Your Honor and Acid Test; and L. E. Redman's Crete.

Besides these a number of top platers were included in the shipment.

First High Dance Is Swing Carnival

The entertainment committee of Jefferson Union High School is making extensive plans for the first dance of the spring semester, which will be held on the evening of April 2.

Swing Carnival is to be the name of the affair and an appropriate motif is to be observed throughout. Elaborate advertising plans are being made, and a ballyhoo campaign similar to that of a regular carnival has been organized .

Outsiders are welcome but they must be accompanied by a student or former student of Jefferson High. All tickets are sold in advance and there will be no tickets sold at the door. Tickets may be obtained at the high school from Mr. Gray. A record turnout is expected.

Fathers Invited To PTA District Meet

Mrs. R. L. Holder, director of the Parent Teacher Association Seventeenth District department of home service, has planned a meeting in the Burlingame High School auditorium Friday evening of next week to be of special interest to fathers.

Claude A. Shull of Palo Alto and San Francisco will speak on "What a Boy Has a Right to Expect From His Dad." Shull, who has taught a number of courses on adolescent and child psychology, has three boys of his own, two of adolescent age. He has spent ten years in boys' dormitories, with the result that he has gained a great deal of valuable first hand experience of youths and their activities.

A fashion show, with girls of county high schools who have modeled their own creations, will be an entertainment feature of the evening program.

$10,000 OUTLAY

Attorney Frank V. Kingston announced that an initial outlay of $10,000 will be necessary for giving fire protection to 200 homes, two hospitals, three factories and more than two score of business establishments in the rural area a Colma.

Kingston said that a move to organize three years ago had not been carried out, and that the residents of Colma were now demanding proper protection provided by a county fire district. The property bond to guarantee payment of expense of formation was raised from $300 to $1000.

TO ENTER FLOAT

Five hundred dollars was appropriated from the unbudgeted reserve fund to match a similar amount from the publicity department fund to defray expenses of an attractive float which the county will enter in the Golden Gate Bridge fiesta parade on May 28 and the evening of May 29.

New Manager And Wife On Way Here

A letter received by County Clerk Hinman from Ernest A. Rolison, dated February 28, inlicated that the next county executive and his wife are en route to California from Washington, D. C., this week.

Rolison said his arrival here might be a day or so later than March 15, because they are taking the extreme southern route. He has resigned his post as principal engineer of the Rural Electrification Administration, and spent the last day in his Washington office February 27.

Rolison said he had conferred with managers of Arlington and Henrico Counties, Virginia, to acquaint himself with their budgets. He will assume the post of budget director here until he is scheduled to become executive on June 1.

TANFORAN TRACK IN READINESS TO RACE

By J. W. MARCHBANK

Racing begins tomorrow at Tanforan in the fifteenth season of sport at the popular course. Never have things looked brighter for a highly successful meeting. Nearly all of the big stables have shipped up from the south, which alone indicates the widespread interest in the San Bruno plant.

As in other periods of the universal pastime here, emphasis will be placed on furnishing programs that are really sporting in character. Fans know what to expect when Tanforan opens and they will not be disappointed.

On account of the influx of the fleetest runners from Santa Anita new barns have been constructed; in fact, are still under construction. It has always been the aim of the management to afford ample accommodations for the trainers with their small or large strings, and this policy is being strictly maintained in these March days.

The Inaugural Handicap at six furlongs will bring together one of the best fields ever to line up in the stalls of the starting contrivance. In preparation for this event a number of conditioners have been going easy with their charges in the last few weeks in order to have them right on edge for the important scramble at Tanforan.

Appropriately "The Bell" will open proceedings on the first day of the twenty-five day session. The name comes from the starting of a race by means of a bell rather than by the lifting of a tape barrier, as was the case only a few years ago.

Each Saturday there will be a rich feature—with the climax on the closing day, April 17, of a ten thousand dollar stakes. Racing will be on each week day with the exception of Monday. The five-day week was instituted by Tanforan some time back and is immensely popular with the fans. As in other spring meetings, there will be no racing on Good Friday, March 26.

Maud Muller on a summer's day
Raked the field. The Judge said, "Hay!"
Maud Muller said, "You big old kidder,
You must think I'm some grass widder."

rallying. "It appears," he stated, "that Daly City is about to realize several long-standing civil needs. At this time, when these developments are imperative to the upbuilding of our community, we find ourselves in a particularly advantageous position to secure them, because federal and state funds are available in substantial amounts."

The improvements—a new city hall, library, playground in the Grande Park and the extension of the Park and the extension of the city water and fire alarm systems into the recently annexed Colma area—have been outlined in detail in past issues of The Record. As soon as reports are available, exact costs of each improvement to Daly City taxpayers and other vital information will be published.

Relief Committee In Regular Meeting

The San Mateo County relief committee held its regular meeting on Saturday, February 27. Also present were Dr. Charles C. Gans, director of public health and welfare, and Mr. Adrian F. Ward, superintendent of social welfare, who requested additional funds to continue projects now in operation in these departments. Due to the fact that these departments are understaffed and without funds, their operations would be seriously interfered with, these requests were granted by the relief committee to the end of this fiscal year, with the understanding that adequate provision will be made in the new budget.

The committee has supplied workers from the relief rolls, certified by the State Relief Administration, entailing an expenditure of $4,708.99, covering a period of approximately eighteen months.

Driving In Cold

When making winter trips into the mountains be sure that the car's battery is in good condition.

In severely cold weather the starting ability of the battery is reduced to almost one half its normal capacity. Fuel does not vaporize so readily when cold. The oil film between the cold metal parts is affected and adds to the frictional resistance. All of this means a heavy drain on the battery.
